

# One weekend in Spring

Refreshing your bathroom this spring doesn't have to mean a major bathroom renovation.

According to Reece, Australia's leading name in bathrooms, it is possible to undertake a mini bathroom makeover in a weekend. That is right; one weekend is all you need to bring a tired looking bathroom back to life.

So hit your nearest Reece showroom, get your plumber on the phone and let the seasonal makeover begin.

**Belinda Geels, Reece Bathroom Marketing Manager, provides her top 5 tips to refresh the bathroom over a weekend.**

## **1. Fixture fix**

Replacing your outdated tapware and showerheads with stylish water efficient versions will leave your bathroom looking revitalised. Look out for the Nikles, Methven or Hansgrohe showers, which use innovative technology to create a pleasurable shower experience while using less water. The Nikles 250, Nikles Quatre or Nikles Techno 300 are all great choices.

## **2. Storage savings**

The right storage can make a huge difference to a bathroom, reducing clutter and adding some glamour. Installing a towel rack is a great way to reduce clutter. Look out for the Mizu 1500 towel rack. Another option is to install a glass shelf in the shower - a tidy bathing space will leave you feeling revitalised.
