

Introducing the Caroma Pearl

Reece, Australia's leading name in bathrooms, presents the Caroma Pearl toilet suite.

The Pearl has been created exclusively for Reece in a partnership with Australia's leading sanitaryware manufacturer, Caroma.

With its contemporary curved, seamless exterior, the effortlessly elegant suite is truly like its namesake. And it is not just its aesthetic that draws comparisons to a pearl – layer upon layer of consideration has gone into its design and development.

The Pearl has taken the very best of European and adapted it to suit our needs. It has been designed by Australians, for Australians.

Says Belinda Geels, Reece Bathroom Marketing Manager, "we are thrilled to collaborate with Caroma and this significant release is a true celebration of Australian innovation and design."

The Pearl delivers outstanding performance and is water-efficient – utilising Caroma's unique water saving Smartflush® technology, the Pearl is WELS four star rated and uses just 4.5 litres of water per full flush and 3 litres per half flush. Additional features include concealed plumbing for easy cleaning, chrome buttons and a quiet, soft-closing seat.

The Caroma Pearl toilet suite is now available at Reece showrooms nationally. For further information about the Caroma Pearl, please visit www.reece.com.au
