With their soft, organic shaped curves, the Pearl range is all about stunning individual design.

Pearl tapware is part of Dorf's integrated bathroom range. All share similar lines and styling for a perfectly coordinated result.

The option of thin lever mixers or more traditional cross style handles, gives you the flexibility to achieve the look you desire.

Says Belinda Geels, Reece Bathroom Marketing Manager, "it is an exciting day when two Australian companies collaborate to create something new, gaining inspiration from the latest European design and applying it to suit Australians. We are very proud of this Pearl range."

The Dorf Pearl range includes a shower/ bath mixer, a bath set, shower mixer with diverter, basin set, wall top assembly, washing machine stops, shower set, sink mixer and basin mixer.
