Drain Cleaning Equipment

8080P

Powerfeed Drain Cleaning Machine

The 8080P Powerfeed is the largest drain cleaning unit in the Macro range. Reliability and ease of operation make the 8080P a popular favourite with plumbers across the country. Along with its rugged construction, the unit features a 23 metre Plasticore cable and a powerful 240V Australian made electric motor which makes it ideal for all heavy duty applications. An integrated trolley frame provides ease of transport while the dual feed (automatic forward/reverse) system ensures the unit is effortlessly easy to use on all drains from 75mm to 150mm in diameter.

Features

- Designed for one person operation
- Minimum cable handling
- Forward and reverse, without changing motor direction (dual powerfeed)
- Plasticore cable
- "Snap-Lok" fittings for quick interchange of heads
- Detachable mechanical foot switch control
- Drums are quickly interchangeable for additional meterage whenever required
- Comes with 7 cutting heads, heavy duty gloves and operation manual all in a rustproof toolbox.

Accessories

AutoPak 25

The Marco AutoPak 25 is compact, yet very powerful when it comes to clearing out waste traps, urinals, floor traps and basins up to 80mm. It is self feeding, with a heavy duty motor and shock proof, high impact plastic drum. Variable speed control at 0 to 7 metres per minute feed and retrieval puts it into a class of its own.

- Suits 40mm, 50mm, 65mm and 80mm drains
- Tough, long life drum
- Heavy duty motor with variable speed control
- "Snap-Lok" interchangeable heads
- Safety-proved double insulation
- Sturdy metal carry case
- Comes with 3 cutting heads

Closet Auger

The Marco closet auger is an accessory every plumber should have. It's tough but easy to use and gentle on toilet bowls. With an extendible cable its ideal for cleaning blockages between pans and the main sewer, or urinals and floor traps.

- Tough, long life cables
- Multi-grip handles for easy use
- Bowl guards to protect pans
- "Snap-Lok" interchangeable heads
- Extendible cable from 900mm to 1800mm (can be extended to 15m with extra cable)

Top Snakes

These snakes have got a big bite, coming in 6mm or 10mm diameters in various head styles. Marco Top Snakes make quick work of all small diameter drains. With so many options, there is a Top Snake to suit any situation or need.

- Rugged impact resistant plastic drums
- Offset handle for greater balance
- Removable back for instant cable inspection
- Available with various cable types to suit all applications
- Comes with 3 cutting heads
