

Toilet Seat Replacement Instructions

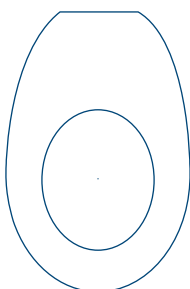

For health and safety, old toilet seats cannot be brought into store. Fill out this template and either email it or bring it in to your local store for replacement advice.

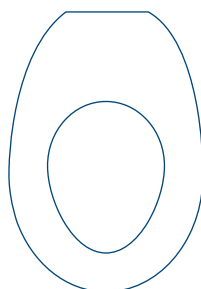

A	Measure from seat hinge hole at the back of the seat area to the front of the pan.	
B	Measure the width of the bowl at the broadest point.	
C	Measure from the inner front rim of the pan to the inner back rim of the pan.	
D	Measure from centre to centre between the toilet seat hinge holes of the pan.	

Most common European shapes

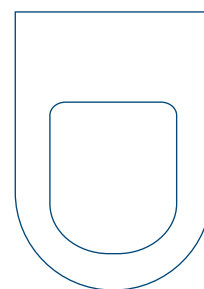

Traditional Rounded Nose

Traditional Pointed Nose

Arc Shaped

Toilet seats cannot be returned once packaging is open due to health and safety reasons.

Please include photos of your current toilet and toilet seat.
