To whom it may concern,

Conex Bänninger specialises in providing the best plumbing fittings and accessories across the globe by offering innovative and versatile jointing solutions. Since 1909 Conex Bänninger has produced over 10 billion copper fittings and has built its reputation for quality manufacturing, back by first-class customer service and unrivalled expertise. Passionate about excellence, Conex Bänninger is a byword for quality in the domestic, commercial, industrial, air conditioning and refrigeration markets worldwide.

>B< Press fittings were launched in Europe in 1999. >B< Press has undergone extensive testing to international, national and industry standards. WRAS, DVGW, SVGW, KIWA, Lloyds Register, Bureau Veritas and Germanischer Lloyd approvals amongst others have been awarded. All fittings are manufactured in accordance with accredited EN ISO 9001:2000 Quality Management Procedures.

Accelerated life tests show that >B< Press components have a life expectancy greater than 50 years. The Warranty is 25 year guarantee against faults caused by defective manufacture of the fittings. It does not cover faults arising from incorrect installation or application. The warranty covers installation with type A and B copper tube conforming to AS1432.

>B< Press fittings are manufactured in Europe, with manufacturing facilities in Poland and Spain for press fittings.

Reece will warrant >B< Press fittings installed using any of the following tools.

- Rothenberger Romax compact (15-25mm).
- Rothenberger Romax 3000 (15-100mm).
- Viega Picco (15-25mm).
- Viega PT3-AH & 4B & 5 (15-100mm)

In regards to these tools being used on other systems it is up to the manufacturer or importer of the system (the deemed manufacturer) to provide the warranty on the system. For clarification you should ensure that you have written confirmation from each of the system manufacturers regarding the tools warranted on their system.

It is also important that the tools are regularly maintained and calibrated.

For more detail on the correct installation and application refer to >B< Press Fit System Technical Guide on the Reece Website.

Yours Sincerely

Adam Watson
Plumbing Business Development Manager
