Maintenance & Warranty

WARRANTY INFORMATION

10 Year warranty - domestic use: Cabinets, Cherry Pie Solid Surface, Friday Hybrid Quartz™ and Caesarstone®.

7 Year warranty - domestic use: Acrylic tops, cast marble tops, solid surface moulded tops, ceramic moulded tops, hardware, bamboo.

2 Year warranty - domestic use: mirrors, ceramic basins, plumbing fittings, electrical.

1 Year warranty - commercial use: all products

Our products come with guarantees that cannot be excluded under the Australian Consumer Law. You are entitled to a replacement or refund for a major failure upon inspection by an authorised representative where a product is found to be defective in construction, material or assembly. You are also entitled to have the goods repaired or replaced if the goods fail to be of acceptable quality and the failure does not amount to a major failure, free of charge.

Conditions

1. Items installed by a licensed tradesperson,
2. Failure is due to a fault in the manufacture of the product,
3. Proof of purchase is provided,
4. The installation of the product is in accordance with the instructions provided.

CABINETS

To maintain the finish on your cabinet use only a soft cloth and weak solution of non abrasive detergent. To restore scratches, marks, etc. on two pack polyurethane, rub gently with car cutting compound, car polish or household brass/silver cleaner. Cabinets should be installed at least 300mm away from showers or bathtubs to avoid water damage. Goods used in construction are water/moisture-resistant, not water-proof. Care must be taken to dry any excessive moisture or water spillage.

ACRYLIC TOPS

To maintain the finish on your Acrylic top use only a soft cloth and weak solution of non abrasive detergent. To restore scratches, marks, etc. on acrylic tops rub gently with car cutting compound, car polish or household brass/silver cleaner. For deeper scratches or abrasions use 2000-grit wet sandpaper around the affected area then restore using polish,.

CERAMIC

To maintain the finish on your ceramic top use only a soft cloth and weak solution of non abrasive detergent. Due to the glazed surface of ceramic tops, scratches cannot be repaired or removed.

Exclusions

To the fullest extent permitted by law, the manufacturer excludes all liability for damage or injury to any person, damage to any property and any indirect consequential or other loss or damage. Manufacturer will not be liable for the cost of installation or removal of any unit and the warranty will be VOIDED if damage occurred during or after INSTALLATION or a damaged or incorrect unit has been installed. Door and drawer adjustment; Unsuitable or improper use; Incorrect installation or installation not in accordance with the instructions provided; Installation or part installation by the purchaser or any person other than a LICENSED tradesperson; Normal wear and tear; Inadequate or complete lack of maintenance; chemical, electrochemical or electrical influences; excessive heat damage or harsh detergents or abrasive cleaners used on product finishes, are NOT considered a warranty issue warranty issue.

Claim procedure

For all warranty queries customers are to contact the branch where the product was purchased. These details can be found on your purchase invoice. Thank you for choosing an Australian made product.

For more technical support call our office on +61 2 4271 2444 or email info@adpaustralia.com.au.

CHERRY PIE PREMIUM SOLID SURFACE, FRIDAY HYBRID QUARTZ™ & CAESARSTONE®

Cleaning: Wipe clean with soft damp cloth or sponge. For basic stains, clean with mild detergents.

Care: Cherry Pie, Friday Hybrid Quartz™ and Caesarstone® benchtops have excellent heat and chemical resistant properties compared to other surfacing products. To preserve the surface and protect against damage from heat, do not place hot items directly on the surface. Even though Cherry Pie, Friday Hybrid Quartz™ and Caesarstone® can withstand high temperatures, prolonged periods or extreme heat can cause permanent damage. Avoid contact with strong chemicals such as paint removers, acetone, oven cleaners and other strong chemicals. If exposed, promptly rinse with water as prolonged contact with such harsh chemicals can cause damage. For deep scratches or other damage, please contact ADP customer service for support and information. All come with a 10-year limited warranty.

Maintenance & Warranty

MIRRORS/SHAVING CABINETS

To maintain the appearance of any mirrored surfaces, particularly when used in wet or moisture prone areas it is important to follow the following care recommendations. DO NOT use ammonia-based cleaning products such as glass cleaner - these may erode the mirror's silver backing. Be sure to read the label of any such cleaning products before use.

For best results - use a lightly moistened microfibre cloth to remove dry dirt or grime, then buff clean with dry microfibre cloth, or use a soft dry cloth with a tight weave (which is more soft and non-abrasive). This will leave you with a clean, smear-free finish. By using alkaline (ammonia) or acid (vinegar) based products you not only risk damaging the silvered backing of the mirror, but also tend to leave behind streaks and smears.

Protection against “black-spotting” - Alkaline, acid and moisture elements can cause the silvered backing of a mirror to darken, this is usually referred to as “black-spotting”. An easy way to protect your mirror against black-spotting is to regularly oil any exposed edges (i.e. polished or bevelled edges), this will act as a seal to protect against such elements. Always remember to keep your mirror dry and wipe off any water, moisture or steam.

For your safety - ADP mirrors have been manufactured to comply with Australian code AS/NZS2208. Frameless mirrors are vinyl backed and all un-silvered glass is toughened. All electrical devices used are CE approved and certified. If any electrical work is to be carried out on installation of any of our products please use a qualified electrician.

BAMBOO BENCHTOP

Bamboo is a natural timber product, and like all natural products, appropriate care and maintenance is required to ensure the longevity of this product, and to avoid any permanent damage or staining. We recommend water and soaps are wiped dry off the benchtop surface after use. All areas where foreign objects (such as soap dispensers and toothbrush holders) are placed should be cleaned regularly, or items placed on coasters or vinyl pads to avoid mould or mildew.

Our bamboo benchtops are applied with Mirotone MIROTHANE PU coating to all surfaces and inside of cutouts.

Your MIROTHANE finished bamboo benchtop is easily maintained by wiping clean with water and/or diluted liquid detergents as required. Avoid products that contain silicone compounds such as ‘Mr Sheen’ and abrasives.

Light Cleaning: use a soft dry microfibre cloth. All spills should be cleaned immediately.

General Cleaning: use a microfibre cloth and mild detergent. Remove residual detergent with a damp cloth. Dry the surface with a soft clean dry cloth to remove all water and to reduce streaking. A non-abrasive household cleaner may be used.

Subdued Gloss Surface (Satin or Semi Gloss):

Mirotone *Sprayglow furniture polish* may be used to preserve a deep lustrous, no shine glow. Silicone free it is specially formulated with just the right blend of natural oils and waxes to enrich the coating. It is recommended to apply the polish every couple of months to maintain and preserve your bamboo products.

Mirotone *Sprayglow furniture polish* is available for purchase from the manufacturer.
