RAISING THE STANDARD

Every day our goal is to find more ways to improve life in and around the bathroom and kitchen, sometimes in obvious ways, other times in more subtle ways. We examine everything and are willing to challenge everything. No matter how good our products are today, we know we can always be better tomorrow.

Not just “our standard,” but “the standard” for living healthily, responsibly and beautifully everywhere. It’s “the standard” we’ve set and reset since 1875. It is “the standard” that is reflected in every product we make and represented in our highest ambition and deepest commitment to our employees, partners, trade professionals and customers worldwide.

At American Standard, we raise the standard by making technologies and designs accessible.

OUR JOURNEY TOWARDS RAISING THE STANDARD

Rise of Public Health

In 1875, James Arnott and Francis J. Torrance founded Standard Manufacturing to make cast-iron water closets, washstands and bathtubs for the growing sanitation and indoor bathroom market.

The Growth of The Modern Bathroom

Standard Manufacturing, Dawes & Myler Manufacturing & Ahrens & Ott Manufacturing merged in 1899 to form Standard Sanitary, which spearheaded the modern bathroom market's expansion.

Expanding The Product Line

The company began selling a complete line of cast-iron enameled kitchen sinks in 1917 after a successful launch at the Pittsburgh Annual Exposition.

Mega Merger Forms One-Stop Shop

In late 1929, Standard Sanitary and American Radiator merged to form American Radiator &

1910

1920

1930

The Sanitary Advantage

In 1883, Standard Manufacturing perfected a process to coat pulverized enamel onto hot castings to form a smooth, white surface that was easy to clean and resistant to water.

Cornering The Market

By 1900, Standard Sanitary had become the world's largest supplier of plumbing goods; producing more than 150 bathtubs per day.

The Bathroom Comes of Age

In 1926, color made its first appearance in bathroom fixtures from Standard Sanitary.

TODAY

Fresh Ideas For a New Generation

In 2013, American Standard joined LIXIL, a global leader in products and services for housing and building projects, and houses a family of world-class brands including GROHE, INAX and DXV.

Raising the Standard

American Standard continues to raise "the standard" for living healthily, responsibly and beautifully everywhere, and making technologies and designs accessible to all.

GOOD DESIGN
AWARD 2014

GOOD DESIGN AWARD 2014
American Standard wins 2014 Good Design Award for its Acacia Evolution basin mixer.

Standard Sanitary Corporation, driving up demand for heating and plumbing products.

Peacetime Boom

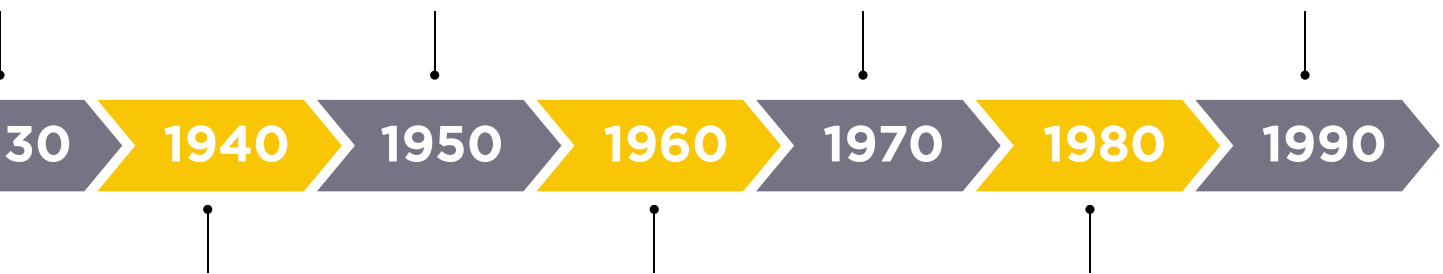

Post-WWII, demand for plumbing products grew with the recovery of housing industry. In 1951, American Standard moved into the kitchen; introducing steel sinks, steel walls, specialty cabinets, automatic dishwashers and electric food waste disposers.

Turbulent Times

Despite a turbulent economy, the company grew worldwide. By 1979, it became the world's largest plumbing manufacturer, operating in over 20 countries.

We Want You to Love

Your Bathroom
American Standard acquired Porcher, a French based luxury brand and a German-based faucet brand called JADO, to offer stylized options to consumers.

Supporting The War Effort

Company switched production to supply the armed forces with critical parts and munitions including the mould and castings for the B-29 Superfortress bomber, over 2.5 million hand grenades and 75 million cast-iron nose pieces for bombs.

New Products For a Modern World

American Standard introduced new innovations including the now ubiquitous "push and pull" faucets, slip-resistant bathtubs, odor-removing Vent-Away toilet systems, remote control drain pop-ups and ceramic disc valves promising leak-free faucets for life.

The Go-Go Days

In 1987, the company introduced Americast® - a game changing material that was lighter than cast-iron and more durable than enameled steel - and the Sensorium, the first tub with electronics that controlled in-home appliances.

DOUBLE VORTEX

Maximum flushing performance, minimum water usage.

AQUA CERAMIC

Super hydrophilic technology prevents dirt and dark ring stains from sticking to ceramic surface.

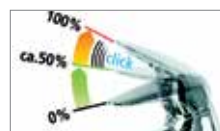

ECOSTART

Provides up to 30% energy savings.

COMFORTCLEAN

Effectively kills E. coli bacterial according to tests done with IMSL.

CLICKMOVE

Provides 40% water savings with ease of control.

REALISING OUR PROMISE THROUGH OUR BRAND PILLARS

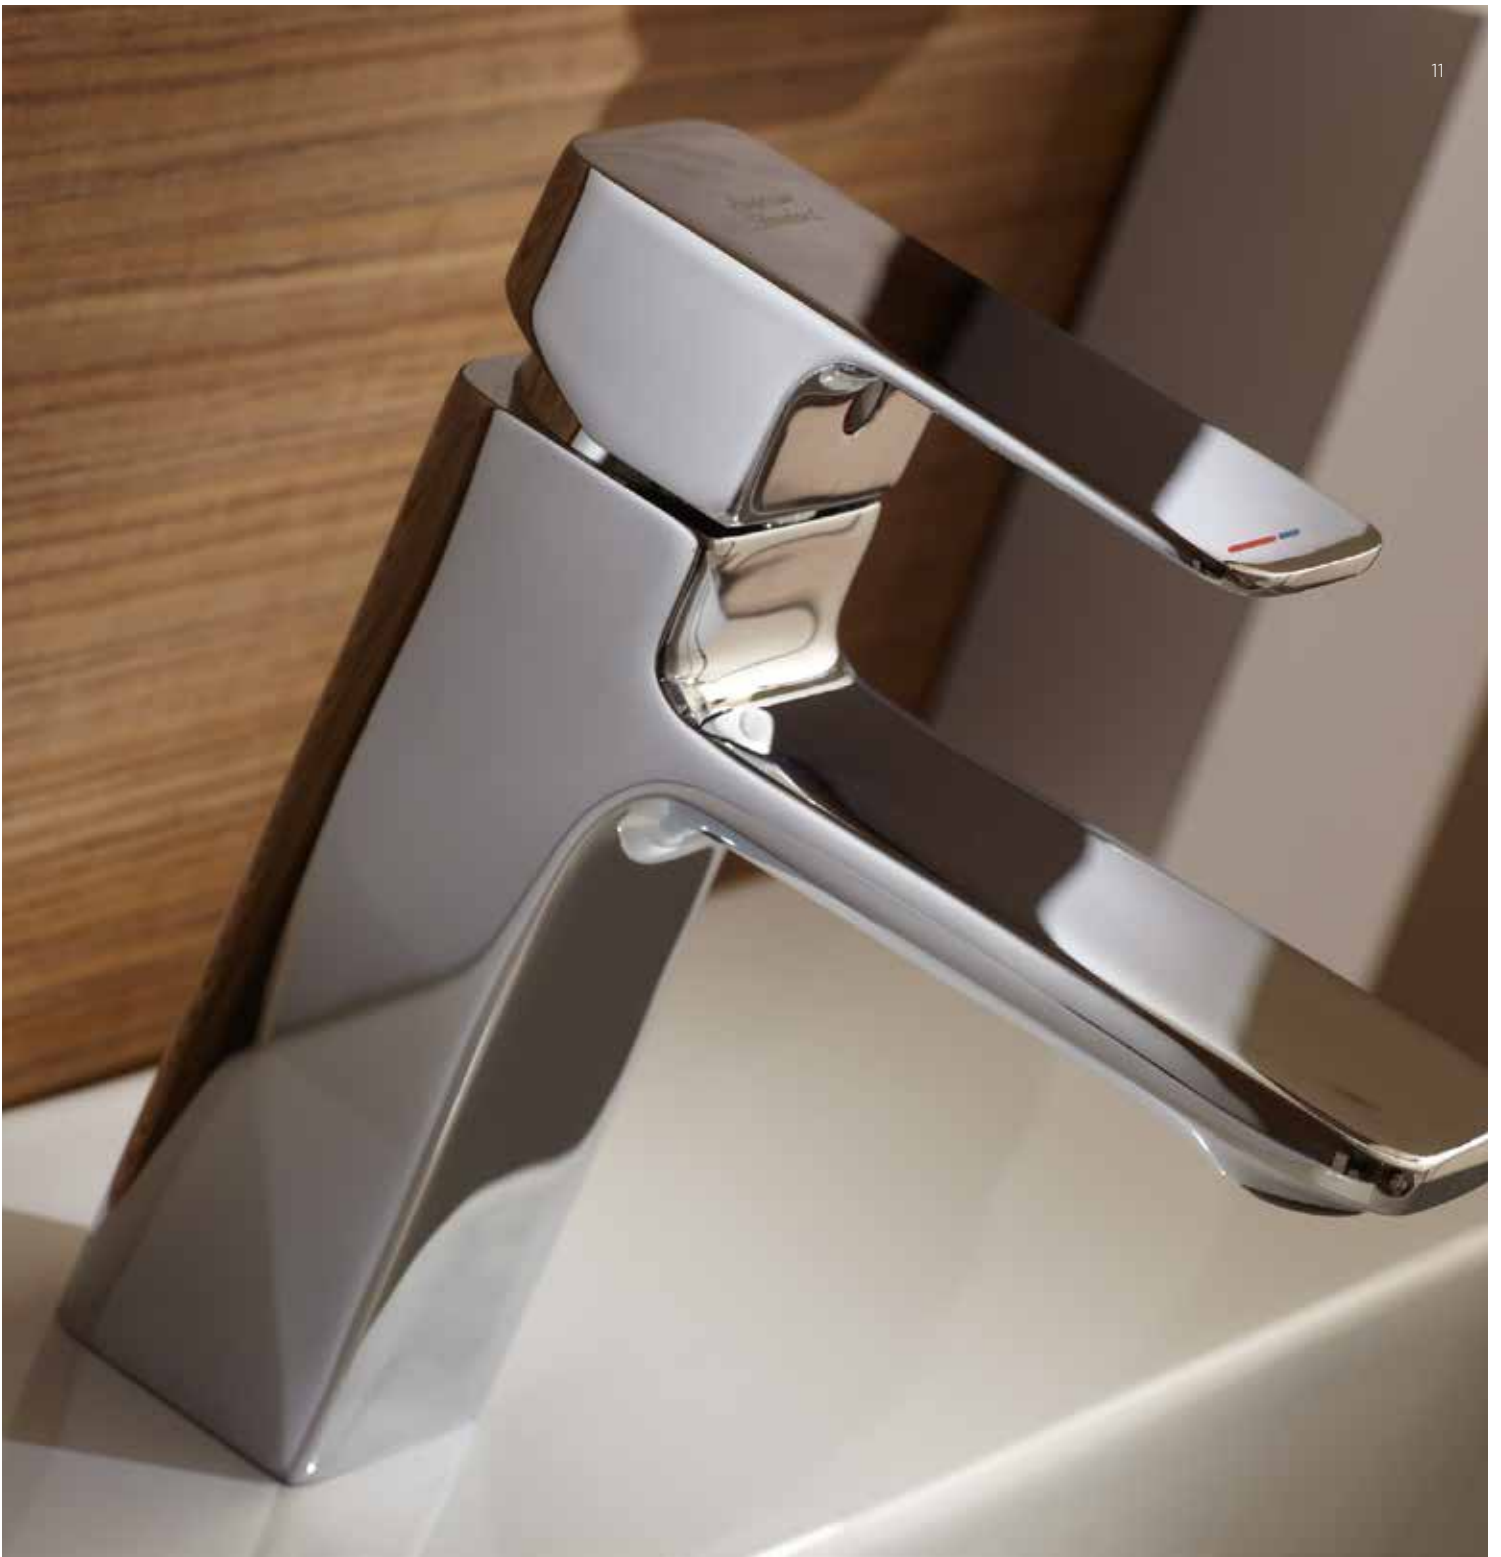

Our continuing quest to raise the standard of living in and around the bathroom has been made possible through our 4 key guiding principles.

INVITING STYLE

We believe every function deserves a well-designed form. Our products offer style that is personal, approachable and satisfying. It's style that fits perfectly into your life.

PURPOSEFUL FUNCTION

Our products are designed to make life healthier, safer, easier and more beautiful, while contributing to the efficient use of water and the sustainable development of society.

SUPERIOR PERFORMANCE

For the past 140 years, American Standard has set and reset the standard for products that work and wow. We build worry-free performance into every product we make.

BUILT TO LAST

From the materials we use to the care we put into building them, our products are made to stand the test of time. It's quality you can depend on today and be confident in for a lifetime.

DESIGN VALUES

INVITING

Our product collections have been thoughtfully created to reflect our core design values that not only offer style that is personal, approachable and satisfying but also make life healthier, safer, easier and more beautiful, to perfectly fit the discerning needs of consumers.

DEPENDABLE

Since the 1870s, American Standard has been bridging aesthetics with functionality to deliver dependable consumer-centric designs that are built to last.

PIONEERING

We keep the pioneering spirit alive in our product designs by integrating technological and sustainable features to produce award-winning designs.

SIGNATURE ELEMENTS

PILLOW

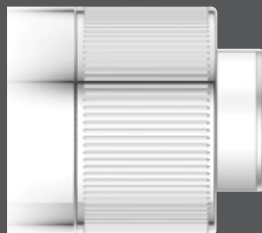

On the contour or on a main surface, the pillow is mainly used to provide a soft and welcoming look and feel to the product which invites user interaction.

LINE

The line is a flexible element which is often used as a detail on products to highlight functionality, increase comfort and provide a more sophisticated appearance.

FRAME

Used vertically or horizontally the frame format has been forever used to shape the consumer electronics and is now embedded in our psyche as a symbol of innovation.

HYGIENE COMFORT

DOUBLE VORTEX

Maximum flushing performance, minimum water usage.

AQUA CERAMIC

Super hydrophilic technology prevents dirt and dark ring stains from sticking to ceramic surface.

COMFORTCLEAN

Effectively inhibits E. coli bacteria according to tests done with IMSL.

OVER HEIGHT

Easy to get on and off, especially for the elderly, pregnant and disabled.

COMFORT PUSH BUTTON

A larger surface area for ease of use.

COMFORT CURVE SEAT

An ergonomic fit that comfortably contours to the body.

CONVENIENCE

RIMLESS-CLEAN

Hygienic and easy to clean.

SKIRTED DESIGN

Premium design allows for quick and easy exterior cleaning.

SOFT-CLOSE SEAT

Gentle and quiet closing action.

EASY RELEASE

Easy removal for thorough cleaning.

DUAL FLUSH

Choice between a half flush and a full flush for liquids or solids while still offering superior flushing performance.

CRYSTASLEEK

Sleek, slim and durable seat and cover for a timeless style.

CONVENIENCE

THINEDGE TECHNOLOGY

Made with our latest technology for a sleek silhouette.

SUSTAINABILITY

**CLICKMOVE**

Provides 40% water savings with ease of control.

**ECOSTART**

Provides up to 30% energy savings.

**AIRNERGIZE**

Air-infused water provides a luxurious shower experience while using lesser water.

**WATER SAVING**

Water-saving for ecological and economical sense.

**COMFORT ANGLE**

Adjustable water flow angle for a comfortable, perfect splash-proof experience.

**DURASHINE**

Shiny chrome finishing gives an enduring brilliance.

**PUSH & TURN**

Dial adjusts water volume easily and offers daily convenience at the push of a button.

**PETAL PRESSURE**

Delivers a consistent shower experience which is gentle and kind to your skin.

**EASYCLEAN**

Removable back covers, help clean clogs for a perfectly clean shower.

**COMFORTMOVE**

Smooth handle performance for optimal precision and comfort.

THERMOSTATIC MIXER

**THERMOSAFE**

Safety temperature control up to 43°C, with an auto shut-off function when cold water supply fails.

**THERMOCOMFORT**

Provides a constant and comfortable temperature.

ADVANCED CLEANSING

DUAL NOZZLES

Equipped with dedicated front and rear cleansing nozzles.

POSTERIOR CLEANSING

Offers a strong, direct spray for a thorough cleanse.

FEMININE AIR BUBBLE SOFT CLEANSING

A gentle flow of warm aerated water provides a soothing shower for comfort and care.

ONE-TOUCH CLEANSING

Suitable for both elderly and children, one-touch cleansing activates the posterior/feminine cleansing & dryer functions consecutively at a touch of a button.

DEODORIZER

The deodorizer is activated as soon as the user is seated.

SELF-CLEANING NOZZLES

Nozzle tips are rinsed with water before and after every use.

NOZZLE SHUTTER

A nozzle shutter prevents waste materials from getting to the nozzle tips, thus ensuring better hygiene.

INSTANT HEATING SYSTEM

Instant heating system offers instant and constant warm water for comfort.

HEATED SEAT

Temperature can be easily adjusted for comfort.

MASSAGE

The spray alternates between strong and mild sprays, creating a massaging effect that indulges the user.

DRYER

Temperature can be easily adjusted for comfort. Computer-memorized settings allow one to keep the same settings as the previous user's.

ANTIBACTERIAL PROTECTION

ANTIBACTERIAL PROTECTION

Uses antibacterial resin on seat, cover, nozzle and control panel. Certified to SIAA ISO 22196 standard for antibacterial efficacy (seat only).

Anti-bacterial protection is certified to SIAA ISO 22196 standard.

CONVENIENCE

QUICK-DETACH SEAT COVER

The design of the seat cover allows it to be easily detached for convenient cleaning of hard-to-reach areas.

SLOW-CLOSING SEAT & COVER

Gentle and quiet closing action.

CONTROL PANEL

All bidet functions can be easily operated via a control panel.

ENERGY & WATER SAVING

ONE-TOUCH POWER SAVER

Under the power saving mode, water heating and seat heating functions will stop, while cleansing and flushing will still operate. Machine will resume to original settings after 8 hours.

WATER SAVING

Water-saving for ecological and economical sense.

CIRCUIT BREAKER

Power supply will automatically be cut off under unusual situations, helping to conserve energy.
